125 Females Sell!

85 Bred Heifers

40 Bred Cows

www.SKINNERRANCH.com

Welcome to our annual Female Production Sale. Thank you for taking the time to consider SRS genetics to continue and move your program forward. This past year was definitely one for the record books, although throughout the northwest we saw varied precipitation the cattle prices were at an absolute all-time high and continue to climb even as I sit here and write this letter. While our area was particularly dry we have had some good moisture the past two weeks and hope this is the start of some really good precipitation this winter and spring to help recharge some of those mountain springs.

With current feed prices and low US cattle herd numbers and record high prices, now is a great time to invest in high quality genetics to elevate your cow herd. With SRS genetic you can be confident that you are buying into quality cattle that are functional, fertile and productive. We continue to demand that are cattle be structurally sound, have good udders, good dispositions and breed up in a timely manner. You can expect these females to bring in big calves and breed back. As always we cull hard on this offering by sending any cows that we don't feel are trouble free, straight to the ring as weigh-ups and therefore do not get the opportunity to further propagate.

We would like to thank all our customers for their continued support, we are extremely grateful. If you have any questions or feedback on this or past offerings, please reach out to us. We look forward to seeing you on November 11th!

Thanks,

The Skinners

Commercial Bred Female Sale Tuesday • November 11, 2025

Bids

You may call in bids before the sale to Skinner Ranch or Montana Livestock Auction representatives.

Online Bids

You will also be able to watch the sale and bid online for free (with approved application) at cattleusa.com.

Montana Livestock Auction Contacts

Daryn Cederberg (406) 560-0960

Female Health

All females are BANGS vaccinated. Bred females have been preg-tested within ten days of sale. Cows and Heifers have been vaccinated with Pyramid 5, Vibrio-Lepto plus Hardjo Bovis, and Vision 8/Somnus and have been poured. All cows over 3 years of age were tested for Johnes with no positives.

Settlement on Females

Monies to be collected by Montana Livestock Auction.

Breeding

Angus females will have Angus calves, Salers and Optimizers will have Optimizer calves.

Cattle Genetics

Heifers and cows are out of Skinner's herd, bred to Skinner herdsires. Commercial females are out of the SRS Herd and the top cut of black heifers from Hilger Ranch (all SRS genetics)

Female Pick-up

Females are available for pick up following the sale at Ramsay. Feed and yardage will be charged on all females until they are picked up at the sale yards.
